

PARLAMENTO EUROPEU

DEPUTADA AO PARLAMENTO EUROPEU

The Honorable Jim Costa
House of Representatives
Washington D.C.

Brussels, 13 June 2019

Dear Jim,

As I leave the European Parliament, after 3 mandates / 15 years as a Member, I take with me a fond memory of our always interesting and useful TLD and TPN meetings and the crucial transatlantic exchange these frameworks afforded us all.

I very much agree with what you wrote in your letter of March 8th, for which I thank you. Indeed, given the current political climate in the US and the EU, the interparliamentary dialogue is most important than ever to identify, debate and work out problems, preserve our shared democratic values and promote global security.

I am glad you will continue to give your invaluable contribution now leading the TLD on the American side, given your great experience, knowledge and special sensitivity (Portuguese roots also count...).

I intend to continue active and work with civil society, namely linking human rights and security and in particular against corruption, money laundering and the financing of terrorism.

I wish you all personal and political success and hope to see you in Lisbon, whenever you pass by.

Do not hesitate to get in touch.

Warm regards e um abraço amigo
