Ana Gomes visits Libya

Ana Gomes was in Libya from the 1st to the 5th of November, accompanying a Delegation of Members from the European Parliament's Delegation to the Maghreb and Mashreq, in her role as rapporteur on the current negotiations on the EU-Libya Framework Agreement.

Following this visit, Ana Gomes wrote a [draft Recommendation to the Council](#), calling for the EU to remove its request for a readmission agreement with Libya (of migrants, including migrants of third countries) and to demand from the Libyan authorities the acceptance of a legal presence for UNHCR in the country, with a broad mandate to identify and protect refugees.
