To all MEP signatories of the letter regarding Pak-Turk International Cag Education Foundation

*Dear Colleagues,*

I would like to thank you for your letter referring to a recent decision of the Supreme Court of Pakistan declaring the Pak-Turk International Cag Education Foundation a terrorist organization.

I share your concerns about the possible implications that the implementation of this decision may have on the staff and students of the concerned schools. The European Union expects that Pakistani authorities abide by the rule of law, guaranteeing due process and fully respecting human rights and fundamental freedoms, including the right to a fair trial ensuring the presumption of innocence.

The European External Action Service in Brussels as well as the European Union's Delegation in Islamabad will continue to follow developments on the case, and I remain at your disposal for further exchanges on this matter.

Yours sincerely,

Federica Mogherini
